

Rural Heritage Initiative

RHI would shift authority from the Board of Supervisors to the voters for deciding on amendments to the Sonoma County General Plan that would increase development of land designated Agricultural or Rural Resource. RHI is modeled on measures already in effect in Napa and Ventura Counties. Unless approved by popular vote, RHI would prevent—with limited exceptions—more intensive land use and zoning in 80% of the county's unincorporated land, for a period of 30 years. It will be on the November ballot.
